

Why Choose Us

When you test at Capital Diagnostics, you can expect accurate test results, fast turnaround time, and convenient courier service.

Our skilled technicians are working diligently to provide you with the best possible customer experience. We take a great deal of pride in offering our clients the most prompt and professional attention. We deliver answers to any questions our clients may have about our testing options.

About Our Company

We are a physician owned and operated laboratory specializing in Comprehensive Toxicological Urine Drug Testing and Molecular Diagnostic Testing for Respiratory Pathogens.

Our Mission

At Capital Diagnostics our focus is on providing high-quality service and customer satisfaction. We will do everything we can to meet and exceed our clients' expectations while helping strengthen their commitment to excellent patient care by giving them access to cutting edge technology.

We accept all insurance plans. We strive to aid in the best patient outcomes for our clients.
